Gauteng Provincial combine members are invited to participate in this race where the winner will get a 7 night stay at Mtunzini Forest Lodge KZN

Race : Gauteng Combine Cradock 1 Sep. 2018

Cost : R100 per team – see rules below

Rules:

- Two pigeons are to be entered per team. **The entry fee is R100 per team.** The average velocity of the two pigeons in the team will be calculated to determine the winner.

Example. Pigeon 1 achieves 1013.236mpm. Pigeon 2 achieves 1106.353mpm. The average velocity for the team is thus 1059.795mpm. This will be compared to the other entered teams' average velocity to determine the winner. Calculations will be done to the third decimal. In the unlikely event that there are more than one team with the same velocity, a draw will be done between these teams to determine the winner.

- Winner takes all. The team with the highest average velocity will win the prize. There is only one prize. The prize consists of 7 nights accommodation at Mtunzini Forest Lodge, Valley Dr, Mtunzini, Kwazulu Natal during **November 2018. Note this condition please** – the date cannot be moved and if you are unable to make it, the prize will be forfeited.
- Accommodation is for 6 adults. It's accommodation only – self catering.
- Accommodation must be booked from a Friday to Friday (November 2018)
- Booking must be done in September as soon as the winner is known
- If any disputes arise the Boksburg Combined Racing Pigeon club holds the right to cancel the race.
- The official entry form must be completed and emailed/delivered to the address(es) indicated thereon. Payment must be done into the BCRPC bank account before or on the 1st September 2018 in order to qualify as an entry.
- **The race will be flown from Gauteng Provincial Combine race from Cradock on 1 September 2018**
- **All members participating in the OFFICIAL combine race on the stated day are allowed to enter this race.**
- The race will be acknowledged as an official race under the jurisdiction of the Gauteng Provincial Combine. Thus if the race is moved to the next day or closer / further distance and is acknowledged as an official race – it will still count and be flown under the same rules and conditions as for the original racepoint. If the scheduled race is cancelled, the race will move to the next official combine race.
- Results will be obtained from the pigeonuniverse.co.za website. As soon as all the results are available the winner will be announced. Information as captured on the official entry sheet will be the **ONLY** information accepted to determine the winning pigeons / teams.
